Description

Can u please specify some of the plugins that can be used to generate excel reports.I used RailsXLS Plugin to create excel reports.But that doesnt work with Recent version of redmine.

So i tried with spreadsheet-excel gem to generate excel reports

Why the RailsXLS Plugin does not work with rails 2.2.2.I Have even gone through the Railsxls documenation.The Only requirement they mentioned was JDK,Jakarta Package.There is nothing mentioned about the rails version..

Could u please guide me in this issue
