Redmine - Defect #24592

Cannot create new project

2016-12-12 19:42 - Paul C.

Status:	Closed	**Start date:**	
Priority:	High	**Due date:**	
Assignee:		**% Done:**	0%
Category:	Projects	**Estimated time:**	0.00 hour
Target version:			
Resolution:	Invalid	**Affected version:**	3.3.1

Description

I can't create any new project or subproject in my redmine instance.

When I insert all necessary data in the form and submit, nothing happens. No error is shown, only the "new project page" is loaded again, with empty fields. I can't find anything useful in the log-files. The same applies for creating subprojects or copying projects.

The configuration:

Environment:
Redmine version   3.3.1.stable
Ruby version   2.2.3-p173 (2015-08-18) [x86_64-linux]
Rails version   4.2.7.1
Environment   production
Database adapter   Mysql2
SCM:
Subversion   1.8.8
Git   1.9.1
Filesystem
Redmine plugins:
redmine_dmsf   1.5.7

All other functions of redmine are working fine! This is the only issue I have (but unfortunately a severe one).

Is this a Redmine bug, a DMSF plugin bug or misconfiguration?

Thank you!!

History

#1 - 2016-12-15 13:44 - Paul C.

Any ideas about this issue? I appreciate any help since I cannot figure out what is going wrong here...

#2 - 2016-12-15 17:06 - Paul C.

- Status changed from New to Resolved

Solved the problem by removing DMSF plugin

#3 - 2016-12-16 01:25 - Go MAEDA

- Status changed from Resolved to Closed

- Resolution set to Invalid

Thank you for reporting the cause.
