Redmine - Patch #24787

Don't preload all filter values when displaying issues/time entries

2017-01-09 18:57 - Jean-Philippe Lang

Status:	Closed	**Start date:**	
Priority:	Normal	**Due date:**	
Assignee:	Jean-Philippe Lang	**% Done:**	0%
Category:	Performance	**Estimated time:**	0.00 hour
Target version:	3.4.0		

Description

Possible values for all filters are currently preloaded and included in the view as JSON objects when listing issues or time entries. This can be slow when there are many projects or users. Adding new filters (eg. #17720) would also add more overhead.

The values for a given filter should be loaded when a user adds the filter only, by using an AJAX request .
