

Redmine - Patch #253

SCM associations

2008-01-25 06:34 - Michael Pirogov

Status:	Closed	Start date:	
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:			
Description			
If 'user login' == 'scm account name', displays link to user and his registered name in Redmines database			
Displays on:			
<ul style="list-style-type: none">• issue (associated revisions box)• repobrowser• activities			
P.S. I'm pretty new to ruby, so if someone want to refactor this. Welcome ;)			

History

#1 - 2010-05-16 00:33 - Felix Schäfer

- Status changed from New to Closed

Current redmine recognizes same account and repository commit name, as well as it does permit to map redmine accounts to commit names.
