Category:		Estimated time:	0.00 hour
Target version:		Affected version:	3.3.2
Resolution:	Invalid		
<div>Description</div> <p>Hi,</p> <p>I've added few customer fields (data type) to my issue view. Now I would like to fill thous fields with some date in workflow.</p> <p>I was looking for resolution but without success.</p> <p>I tried to assign new value to customer field no 6 like that:</p> <pre>custom_field_values.each do  value    if value.custom_field_id==6     value.to_s="test"   end end</pre> <p>or like that :</p> <pre>custom_field_values[6] = "test"</pre> <p>but it is not working. I cannot find any method to do this.</p> <p>Can you give me some advice?</p> <p>best regards</p>			

History

- #1 - 2017-04-19 09:29 - Krzysztof Śliwa
- Status changed from New to Resolved
- OK, the resolution is easy.
- just have to use @issue.custom\_field\_values=({6=>'test'})
- #2 - 2017-05-17 17:42 - Toshi MARUYAMA
- Description updated
- #3 - 2017-05-17 17:43 - Toshi MARUYAMA
- Category deleted (Custom fields)
- Status changed from Resolved to Closed
- Resolution set to Invalid
