

Redmine - Patch #25876

Gantt chart shows % done even if the field is disabled for the tracker

2017-05-17 02:55 - Jens Krämer

Status:	Closed	Start date:	
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	Gantt	Estimated time:	0.00 hour
Target version:	3.4.0		
Description			
When disabling the % <i>done</i> field for a given tracker, issues of this tracker still have <i>x</i> % in their label in the gantt chart. The attached patch fixes this by checking <code>issue.disabled_core_fields</code> when building the label.			

Associated revisions

Revision 16663 - 2017-06-15 06:14 - Toshi MARUYAMA

gantt: not show %done if the field is disabled for the tracker (#25876)

Contributed by Jens Krämer.

History

#1 - 2017-05-17 15:04 - Go MAEDA

- *Target version set to 3.4.0*

I confirmed the problem.
Setting target version to 3.4.0.

#2 - 2017-06-15 06:49 - Toshi MARUYAMA

- *Status changed from New to Closed*

Committed in trunk [r16663](#), thanks.
