Redmine - Patch #2607

Avatars display in forums

2009-01-28 06:55 - Brad Beattie

Description

Not sure what format you want your patches in, so I'll just include this here.

app/views/messages/show.rhtml from release 0.8.0, between lines 32 and 33

```
<%= avatar(message.user, :size => "32") %>
```

History

#1 - 2009-01-29 22:30 - Brad Beattie

Kay, just went and tested this idea out. Two changes.

message.user didn't work, but message.author does. Change app/views/messages/show.rhtml between lines 32 and 33:

```
<%= avatar(message.author, :size => "32") %>
```

The avatars need to float left. Include .message img.gravatar in public/stylesheets/application.css on line 645

```
#history img.gravatar,
.message img.gravatar {
```

#2 - 2009-01-29 22:34 - Brad Beattie

Hrm. On one-line posts, this can cause the subsequent message h4 to indent incorrectly.

Well, clear: left is certainly an option, but that would require the *contextual* div to be included in the message div. That makes sense as that's how journal divs are working now and consistency is awesome like that.

#4 - 2009-01-29 22:50 - Brad Beattie

- File application.css added

- File show.rhtml added

#5 - 2009-01-29 22:50 - Brad Beattie

- Assignee set to Jean-Philippe Lang

- % Done changed from 0 to 90

Okay, done. I just need someone to review it and integrate it if appropriate.

#6 - 2009-01-29 22:54 - Brad Beattie

- File application.css added

Minor clear: left fix.

#7 - 2009-01-31 14:37 - Jean-Philippe Lang

Brad, you should submit your changes using a single patch file.
It's much more easy to review and apply.
You can generate a patch file using svn diff command.

#8 - 2009-02-05 07:55 - Brad Beattie

- File avatars.patch added

Right you are, good sir. When I made this ticket I was still getting into the swing of things.

#9 - 2010-02-25 06:15 - Oshyan Greene

Is this planned for inclusion in a future version? The forums are a bit hard to read at the moment without visual poster identity context. This would help a lot. Thanks!

#10 - 2010-02-25 07:55 - Felix Schäfer

- Status changed from New to Closed

As far as I can tell, this is a dupe of [#4468](#), which has been fixed in [0.9.0](#).
