<b>Target version:</b>	4.0.0		

#### Description

I noticed a difference between the rendering of the query filter forms on the issues & spent time views and the query filter forms on the calendar and gantt views. I fixed it with the following changes:

- **1. Fix HTML structure of form#query\_form on calendar/gantt views.**

This unifies the HTML structure of the query form on the calendars/show and gantts/show views to be the same as it is currently for the issues and spent time views, which were themselves unified into the new queries/\_query\_form partial in r15649.

- **2. Fix source indentation and newline usage.**

This unifies the source layout of the query form on the calendars/show and the gantts/show views with the queries/\_query\_form partial.

- **3. Unify form#query\_form structure on calendar/gantt views.**

This:

- moves the p with inline style on the calendar view (which wraps the navigation buttons) out of div#query\_form\_content and adds the contextual class to the element to unify this with the gantt view (and to remove the inline style from the element now that it's styled through a stylesheets' style [.contextual in fact]);
- restores the 12px font-size of the calendar navigation buttons;
- increases the font-size of the gantt zoom buttons to 12px;
- increases the margin of the calendar navigation and gantt zoom buttons to 12px 0px.

- **4. Add test assertions to the four controller test cases.**

To make the changes a bit more visual, here some ASCII and image graphics:

view	was	becomes
<pre>issues form#query_form inputs <div#query_form_with_buttons. <div#query_form_content="" <div#query_form_with_buttons.="" fieldset#filters_collapsible="" fieldset#options="" p.buttons<="" pre=""> </div#query_form_with_buttons.></pre>	 <p>issues-current.png</p>	 <p>issues-fixed.png</p>
<pre>spendtime form#query_form inputs <div#query_form_with_buttons. <div#query_form_content="" <div#query_form_with_buttons.="" fieldset#filters_collapsible<="" pre=""> </div#query_form_with_buttons.></pre>

Revision 16701 - 2017-06-25 17:15 - Jean-Philippe Lang

Fix HTML structure of query\_form on calendar/gantt views (#26125).

This unifies the HTML structure of the query form on the calendars/show and gantts/show views to be the same as it is currently for the issues

and spent time views, which were themselves unified into the new queries/\_query\_form partial in r15649.

Patch by Mischa The Evil.

#### **Revision 16702 - 2017-06-25 17:16 - Jean-Philippe Lang**

Fix source indentation and newline usage (#26125).

This unifies the source layout of the query form on the calendars/show and the gantts/show views with the queries/\_query\_form partial.

Patch by Mischa The Evil.

#### **Revision 16703 - 2017-06-25 17:16 - Jean-Philippe Lang**

Unify query\_form structure on calendar/gantt views (#26125).

This:

- moves the p with inline style on the calendar view (which wraps the navigation buttons) out of div#query\_form\_content and adds the contextual class to the element to unify this with the gantt view (and to remove the inline style from the element now that it's styled through a stylesheet's style [.contextual in fact]);
- restores the 12px font-size of the calendar navigation buttons;
- increases the font-size of the gantt zoom buttons to 12px;
- increases the margin of the calendar navigation and gantt zoom buttons to 12px 0px.

Patch by Mischa The Evil.

#### **Revision 16704 - 2017-06-25 17:17 - Jean-Philippe Lang**

Add test assertions to the four controller test cases (#26125).

Patch by Mischa The Evil.

## **History**

---

### **#1 - 2017-06-09 00:13 - Mischa The Evil**

- File 0001-Fix-HTML-structure-of-query\_form-on-calendar-gantt-v.patch added
- File 0002-Fix-source-indentation-and-newline-usage.patch added
- File 0003-Unify-query\_form-structure-on-calendar-gantt-views.patch added
- File 0004-Add-test-assertions-to-the-four-controller-test-case.patch added
- Description updated

Edit: seems like using thumbnails in tables causes some issues; replaced with regular image tags.

Edit 2: for anyone searching for the visual differences: only the calendar and gantt views are affected by these changes

Also attaching the patches.

**#2 - 2017-06-19 04:55 - Go MAEDA**

- *Target version set to 4.1.0*

Looks good to me. Passed all test.

Since we are freezing 3.4.0 now and this issue is a kind of refactoring, I think it would be better to set target version to 3.5.0 instead of 3.4.0.

**#3 - 2017-06-25 17:17 - Jean-Philippe Lang**

- *Status changed from New to Closed*

- *Assignee set to Jean-Philippe Lang*

Patches are committed, thanks!

**#4 - 2017-07-08 18:37 - Jean-Philippe Lang**

- *Target version changed from 4.1.0 to 4.0.0*

**#5 - 2018-04-22 10:13 - Marius BALTEANU**

- *Related to Patch #28602: Move edit and delete buttons for queries to the buttons section added*
