

Redmine - Defect #26520

Blank "Issue" field on the "Log time" from the "Spent time - Details" page for an issue

2017-07-25 09:38 - Hiroshi YUKI

Status:	Closed	Start date:	
Priority:	Normal	Due date:	
Assignee:	Jean-Philippe Lang	% Done:	0%
Category:	Time tracking	Estimated time:	0.00 hour
Target version:	3.4.3	Affected version:	3.4.2
Resolution:	Fixed		
Description			
<p>When I tried to log time from a "Spent time - Details" page (like https://example.com/projects/project-identifier/time_entries?issue_id=%7E12345), I clicked the "Log time" link, and I saw an entry form for spent time with blank "issue" field and an orphan time entry was created unexpectedly.</p>			
Steps to reproduce:			
<ol style="list-style-type: none">1. Visit a list of issues under any project. (<code>/projects/project-identifier/issues`</code>)2. Visit an issue.3. Click the "Log time" link.4. Fill "Hours" field with a value `1`.5. Choose any activity.6. Click the "Create" button.7. Then you'll see a list of spent time under the project.8. Back to the issue.9. Then you'll see a link like "Spent time: 1.00h".10. Click the "Spent time: 1.00h" link.11. Then you'll see a list of spent time for the issue. (<code>/projects/project-identifier/time_entries?issue_id=%7E123`</code>)12. Click the "Log time" link in the page.			
Expected result:			
An entry form is shown with a "Issue" field filled with a value like `123` (or any issue number.)			
Actual result:			
An entry form is shown with a blank "Issue" field. There is no issue number.			
Confirmed versions with unexpected behavior:			
<ul style="list-style-type: none">• Redmine 3.4.2• Redmine 3.4.1• Redmine 3.3.0			
At the step 12, the link URL is generated for the project itself, like: <code>/projects/project-identifier/time_entries/new`</code> .			
Confirmed versions with expected behavior:			
<ul style="list-style-type: none">• Redmine 3.2.0			
At the step 12, the link URL is generated for the project itself, like: <code>/issues/123/time_entries/new`</code> .			

Associated revisions

Revision 16924 - 2017-07-30 18:42 - Jean-Philippe Lang

Fill the issue id when logging time from the time log list of an issue (#26520).

Revision 16925 - 2017-07-30 19:02 - Jean-Philippe Lang

Test broken by r16924 (#26520).

Merged r16924 and r16925 (#26520).

History

#1 - 2017-07-25 09:39 - Hiroshi YUKI

Confirmed versions with expected behavior:

Redmine 3.2.0

At the step 12, the link URL is generated for the project itself, like: ``/issues/123/time_entries/new``.

Oops, the description is wrong. Correct:

At the step 12, the link URL is generated for the issue itself, like: ``/issues/123/time_entries/new``.

#2 - 2017-07-25 09:53 - Hiroshi YUKI

The link URL is generated by the ``_new_time_entry_path`` helper method, but no issue id is given to the method even if there is the ``issue_id`` parameter. As the result, the method calls ``new_project_time_entry_path`` internally instead of ``new_issue_time_entry_path``.

#3 - 2017-07-25 09:59 - Hiroshi YUKI

Workaround:

```
$ svn diff

   def index
+    @issue = params[:issue_id]
     retrieve_time_entry_query
     scope = time_entry_scope.
       preload(:issue => [:project, :tracker, :status, :assigned_to, :priority]).
```

#4 - 2017-07-25 10:22 - Pavel Horal

Thank you for the workaround. I was looking into this literally at the same time :). This change is the culprit - [r15644](#).

#5 - 2017-07-25 20:41 - Jean-Philippe Lang

- Target version set to 3.4.3

#6 - 2017-07-30 18:43 - Jean-Philippe Lang

- Status changed from New to Resolved

- Assignee set to Jean-Philippe Lang

- Resolution set to Fixed

Fixed in [r16924](#), thanks for pointing this out.
