- Related to Patch #24787: Don't preload all filter values when displaying issues/time entries added

#8 - 2018-07-01 09:35 - Marius BĂLTEANU

- File target_version_subprojects.png added

- Status changed from New to Closed

- Resolution set to Fixed

It seems to be fixed in the current trunk, but I'm not sure in which ticket, from my checks could be [#24787](#).

I'm closing this because the subprojects target versions are now available in the target version filter of the main project.

We are using version 4.1 and Target version list only versions from selected project and not from child projects
Is there a configurable option?
