

Redmine - Patch #26689

Add title to author's and assignee's icon

Description			
After the release of Redmine 3.4.2 in our company, we received some complains regarding the author and assignee icons (feature added in #25775). Some users thought that is a bug (especially when the author = assignee). I'm thinking that adding a title to that icons could help users to understand better the functionality. Attached is a patch that adds these titles.

You are right, thank you for improving the feature.

Setting target version to 3.4.3 (next minor release) because I think the patch can be considered as a fix.
