

Redmine - Defect #27003

import subtask csv

2017-09-14 18:14 - manel mammou

Status:	Closed	Start date:	
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:		Affected version:	
Resolution:	Invalid		

Description

hello how can i import a sub task to redmine in csv format
i tried this

```
"Tracker","Status","Priority","Subject","Author","Assignee","Category","Target version","Start date","Due date","Estimated time","Private","Exigences","Parent task","Description"
"Development","In Progress","Subject","some Author","some Assignee","CAT_SAA","G.Ag_V0","2017-02-01","2017-02-10","16.00","No","test","#703","Description"
```

PS: [#703](#) is an existing task already imported

I get this error : Unique field must be specified because the column Parent task needs to refer to other tasks

History

#1 - 2017-09-14 18:17 - manel mammou

```
"Tracker","Status","Priority","Subject","Author","Assignee","Category","Target version","Start date","Due date","Estimated time","Private","Exigences","Parent task","Description"
"Development","Normal","In Progress","Subject","some Author","some Assignee","CAT_SAA","G.Ag_V0","2017-02-01","2017-02-10","16.00","No","test","#703","Description"
```

#2 - 2017-09-14 19:08 - Toshi MARUYAMA

- Category deleted (Importers)
- Status changed from New to Closed
- Priority changed from Urgent to Normal
- Resolution set to Invalid

https://github.com/leovitch/redmine_importer/blob/c65c22208cdeb44/config/locales/en.yml#L39

```
text_rmi_specify_unique_field_for_column: "Unique field must be specified because the column {{column}} needs to refer to other tasks"
```

My redmine is :

Environment :

```
Redmine version      3.4.4.stable
Ruby version         2.3.1-p112 (2016-04-26) [x86_64-linux-gnu]
Rails version        4.2.8
Environment          production
Database adapter     Mysql2
```

SCM:

```
Subversion           1.9.3
Git                  2.7.4
Filesystem
```

Redmine plugins:

```
redmine_agile        1.4.5
redmine_app__space   1.0.4
redmine_app_timesheets 1.5.12
```

```
redmine_code_review      0.8.0
redmine_gitlab_hook      0.1.3
redmine_highlightjs      1.0.3
redmine_image_clipboard_paste 3.3.0
redmine_importer         1.0
redmine_issues_tree      0.0.10
redmine_lightbox2        0.4.3
redmine_omniauth_gitlab  0.0.1
redmine_spent_time_required 0.0.1
redmine_user_specific_theme 1.2.0
redmine_webhook          0.0.2
redmine_work_time        0.3.4
scrum                    0.18.0
timesheet                0.7.0
```

After enable it in Admin/Projects/./Modules whenever access a menu of the project <http://192.168.251.53/projects/rmo2/xxxx> , I got the following errlog .

```
Completed 500 Internal Server Error in 838ms (ActiveRecord: 276.9ms)
```

```
ActionView::Template::Error (No route matches {:action=>"index", :controller=>"importer", :project_id=>#<Project id: 52, name: "RMO", description: "RMO_2", homepage: "", is_public: false, parent_id: nil, created_on: "2018-07-23 01:48:34", updated_on: "2018-07-23 01:48:34", identifier: "rmo2", status: 1, lft: 129, rgt: 130, inherit_members: false, default_version_id: nil, default_assigned_to_id: nil, product_backlog_id: nil}>}):
```

Finally , I found that with redmine 3.4.4.stable , the default "import menu" can do that .

The most important thing is that: the value of the "Parent task" is not only integer , it has to contain character # such as #816
