

Redmine - Defect #27796

Error in the manual about smtp port config

2017-12-14 23:21 - Christian B

Status:	Closed	Start date:	
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	Documentation	Estimated time:	0.00 hour
Target version:		Affected version:	
Resolution:	Fixed		
Description			
<p>Hello,</p> <p>In the installation guide EmailConfiguration we can read about the smtp port config: port: '587' The good syntax is (remove the quote): port: 587</p> <p>I hope this helps.</p>			

History

#1 - 2017-12-16 08:10 - Go MAEDA

- Status changed from New to Closed
- Resolution set to Fixed

I have updated the wiki page. Thank you for pointing it out.
