

Redmine - Defect #27927

Very large production.log file

2018-01-09 20:57 - Raja Govindan

Status:	Closed	Start date:	
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	Administration	Estimated time:	0.00 hour
Target version:		Affected version:	
Resolution:	Invalid		
<div>Description</div> <p>Hello,</p> <p>My redmine production.log file is grown more than 1GB;</p> <p>Can I simply rename the redmine/htdocs/log/production.log to another name ? Will the production.log file created automatically?</p> <p>Any other suggestions?</p> <p>My redmine response is getting slower recently; resource utilization is very low; I feel redmine may be taking more time in updating this log file;</p> <p>Thanks and Regards -/Raja G</p>			

History

#1 - 2018-01-09 23:32 - Go MAEDA

- Description updated
- Status changed from New to Closed
- Resolution set to Invalid

Maybe the log rotation configuration described in [RedmineInstall](#) will help you.

Please use forum for question after reading [How to request help](#).
