Description

The current UI for deleting a project does not have an obvious "Cancel" action.

This page at first glance looks like it has 2 options: "Yes" and "Delete". The third option, "Cancel", is unclear because you must hit back button or navigate away.

I suggest adding a "Cancel" or "Back" button here, which brings you back to the Projects Administration page.

The page in question is: </projects/888hhh/destroy>

+1. Should be there.

#2 - 2013-03-18 12:51 - Daniel Felix

- Target version set to 2.4.0

Maybe this could be implemented as a small feature for 2.4.

If no one else implements it till then, I will try to provide a patch when I leave the hospital.

#3 - 2013-03-19 22:20 - Jean-Philippe Lang

- Status changed from New to Closed

- Resolution set to Fixed

Added in [r11662](#).
