

Redmine - Defect #27975

CSV export of different language

2018-01-12 11:18 - Alexander Shirobokov

Status: Closed	Start date:
Priority: Normal	Due date:
Assignee:	% Done: 0%
Category:	Estimated time: 0.00 hour
Target version:	Affected version:
Resolution: Duplicate	
Description	
Default language was Russian (Cyrillic). And all issues written in Cyrillic. Export issues to csv was fine. When we change default language to English, all our issues export as "????????". "????????" in all encoding.	
Open dialog of libreoffice to import csv:
