Nice improvement.

I would like to suggest to add some tests also for this feature (you can find an example in r17037).

Thank you for your feedback.

I added a test code with reference to r17037.

attachment:add_context_menu_in_calendar_v2.patch is a patch with test code added.

I changed the position of the test added with *add_context_menu_in_calendar_v2.patch*.

#5 - 2018-01-27 02:45 - Go MAEDA

- Target version set to *4.1.0*

The patch looks good to me.

Issues list, Roadmap, and Gantt already have a context menu in the current trunk. Calendar page should have the same context menu as well.

Setting target version to *4.1.0*.

- Assignee set to *Go MAEDA*

- Target version changed from *4.1.0* to *4.0.0*

Committed. Thank you for improving Redmine.
