Redmine - Defect #28108

Copying a text into a wiki page I got "Internal server error"

Category:	Wiki		**Estimated time:**	0.00 hour
Target version:				
Resolution:	Cant reproduce		**Affected version:**	3.3.1

Description

The text is: "to this instance.
I have also"

The problem seems to be the space between "instance." and "I have": if I copy the text into Vi I get "to this instance.<202a> <202a>I have also".

Looking in the web I see <202a> is some "Left To Right Embedding": https://www.compart.com/en/unicode/bidiclass/LRE

I hope this helps.

Good day,
Matteo
