Cannot clear category field on copying an Issue (#28951).

History

#1 - 2018-06-05 10:10 - László Végh

This was working before the upgrade (3.1.0 -> 3.4.5)

#2 - 2018-06-17 07:23 - Go MAEDA

- Status changed from New to Confirmed

- Target version set to 4.0.0

- Affected version deleted (3.4.5)

Confirmed the problem. This is due to r17320. The trunk is affected but stable branches are not.

This problem should be fixed by r17395.
But the OP is using a stable branch, can you confirm?

No, I cannot reproduce it on 3.4.6. Probably the reporter is using the master branch of https://github.com/redmine/redmine. It is not an svn working copy, so Redmine does not add ".devel.nnnnn" information to the version number.

I think we can close this issue.
