

Redmine - Defect #29055

Searching for issue number with REST API redirects to issue HTML page

2018-06-19 14:00 - Igor Antonov

Status:	Closed	Start date:	
Priority:	Normal	Due date:	
Assignee:	Jean-Philippe Lang	% Done:	0%
Category:	REST API	Estimated time:	0.00 hour
Target version:	3.4.10	Affected version:	3.3.0
Resolution:	Fixed		
Description			
Search REST API queries matching issue number (with or without "#") are being redirected to HTML issue page if the issue exists. The redirect is caused by quick jump to issue at source:/tags/3.3.0/app/controllers/search_controller.rb#L40 .			
Quick jump is useful for search field in the UI but REST API response with redirect to an HTML page is... unexpected. I suggest leaving quick jump for HTML response and actually searching for issue number-like text for REST API.

Revision 17949 - 2019-03-15 08:28 - Jean-Philippe Lang

Searching for issue number with REST API redirects to issue HTML page (#29055).

Patch by Go MAEDA.

Revision 17950 - 2019-03-15 08:29 - Jean-Philippe Lang

Merged r17949 to 4.0-stable (#29055).

Revision 17951 - 2019-03-15 08:30 - Jean-Philippe Lang

Merged r17949 to 3.4-stable (#29055).

History

#1 - 2019-03-02 07:37 - Go MAEDA

- File *fix-29055.patch* added

- Target version set to *Candidate for next minor release*

Probably the redirecting is nouse for API clients. Here is a patch to fix it.

#2 - 2019-03-03 02:05 - Go MAEDA

- Target version changed from *Candidate for next minor release* to *3.4.10*

Setting the target version to 3.4.10.

#3 - 2019-03-15 08:30 - Jean-Philippe Lang

- Status changed from *New* to *Closed*

- Assignee set to *Jean-Philippe Lang*

- Resolution set to *Fixed*

Fix committed, thanks. Test moved to the API tests.
