Redmine - Defect #29191

Cannot set no_notification option when receiving emails via IMAP or POP3

2018-07-04 14:50 - Erich Balan

Status:	Closed		**Start date:**	
Priority:	Normal		**Due date:**	
Assignee:	Go MAEDA		**% Done:**	0%
Category:	Email receiving		**Estimated time:**	0.00 hour
Target version:	3.3.9			
Resolution:	Fixed		**Affected version:**	

Description

I'm refering to this documentation about receiving emails with IMAP:
http://www.redmine.org/projects/redmine/wiki/RedmineReceivingEmails

Within the section "Forwarding emails from your email server" there is an option

```
--no-notification        disable email notifications for the created user
```

In the section "Fetching emails from an IMAP server" this option is missing. I tried to add it in my rake command "no_notification=1", but it doesn't seem to work.

Could you add the feature "no notification" for IMAP fetching?

Best Regards
Erich

Associated revisions

Revision 17432 - 2018-07-06 02:51 - Go MAEDA

Fix: Allow to set no_notification option when receiving emails via IMAP or POP3 (#29191).

Patch by Holger Just.

Revision 17433 - 2018-07-06 03:38 - Go MAEDA

Merged r17432 from trunk to 3.4-stable (#29191).

Revision 17434 - 2018-07-06 03:40 - Go MAEDA

Merged r17432 from trunk to 3.3-stable (#29191).

History

#1 - 2018-07-04 14:56 - Go MAEDA

- Category set to Email receiving

#2 - 2018-07-05 17:55 - Holger Just

- File 0001-Allow-to-set-no_notification-option-when-receiving-m.patch added

- Target version set to Candidate for next minor release

The attached patch fixes this issue and allows to set the option for mails received via IMAP and POP3 as well.

#3 - 2018-07-05 18:32 - Erich Balan

Thank you, Holger!

I'm new to Redmine and not a Ruby developer. Is there a way to patch my installation or should I wait until the new version is released and update my system?

Best Regards
Erich

#4 - 2018-07-06 01:23 - Go MAEDA

- Related to Feature #13341: Mail handler: --no-notification option to disable notifications to the created user added

#5 - 2018-07-06 02:29 - Go MAEDA

- Target version changed from Candidate for next minor release to 3.3.9

#6 - 2018-07-06 02:51 - Go MAEDA

Please replace the file app/models/mail_handler.rb on your system with the one downloaded from the following URL.

- Redmine 3.4: https://www.redmine.org/projects/redmine/repository/revisions/17433/entry/branches/3.4-stable/app/models/mail_handler.rb
- Redmine 3.3: https://www.redmine.org/projects/redmine/repository/revisions/17434/entry/branches/3.3-stable/app/models/mail_handler.rb

You can ask in forums if you have any more questions.
