

Redmine - Defect #29268

Can't include attachments or relations with Issues API

2018-07-25 04:57 - César DJ Caésar 9114

Status:	New	Start date:	
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	REST API	Estimated time:	0.00 hour
Target version:		Affected version:	3.4.2
Resolution:			
Description			
<p>Hello, When I make an API call to get all the trackers of a certain tracker_id including the relations, it doesn't work. I use:</p> <pre>/issues.json?tracker_id=XXX&include=relations</pre> <p>I just have the content of the issues, as if I didn't put "&include=relations" However, it works when I call</p> <pre>/issues/[number of issue].json?include=relations,attachments</pre> <p>It seems to have a problem fetching issues with includes and parameters. Here is the info:</p> <ul style="list-style-type: none">• database manager version: Mysql2• Ruby version: 2.4.1-p111 (2017-03-22) [x86_64-linux]• Rails version: 4.2.8• Redmine version: 3.4.2 stable <p>Thanks for the help. César</p>
