Redmine - Patch #29289

Wrap subprojects in the overview section with an unordered list to improve customisation

Description		
The proposed patches wrap the subprojects inside an unordered list but preserves the original view. The intention behind this proposal is to give users and theme designers more freedom in styling the subprojects section in the project overview without the need of patching it.

@Go MAEDA Thank you for pointing it out.
I've attached a new version of the stylesheet patch which fix the problem.
