Description

For the "Issues assigned to me", "Watched issues", and "Reported issues" modules it would be helpful to have a total of the issues in each list. Now I'm not sure if the current modules will list all issues no matter how many there are, or if they have a limit.

I see 2 ways this would work:

1. Tweaking the module header
 1. "Issues assigned to me (##)"
 2. "## Issues assigned to me"
2. Tweaking the "View all issues" below the list
 1. "View all issues (##)"
 2. "View all ## issues"

Both methods could be used together. This principle could also be expanded to the other modules as well.

Associated revisions

Revision 2595 - 2009-03-17 18:27 - Jean-Philippe Lang

Adds issue count on assigned and reported 'My page' modules (#2986).

History

#1 - 2009-03-17 18:24 - Jean-Philippe Lang

- Category set to UI
- Status changed from New to Closed
- Target version set to 0.9.0
- Resolution set to Fixed

Done in [r2595](#) (solution 1.1).

The count was previously added on 'Watched issues'.
