Redmine - Defect #3080

LDAP connect

2009-03-31 10:00 - Szabolcs Klement

Status:	Closed		**Start date:**	2009-03-31
Priority:	Normal		**Due date:**	
Assignee:			**% Done:**	0%
Category:	Accounts / authentication		**Estimated time:**	0.00 hour
Target version:				
Resolution:	Invalid		**Affected version:**	

Description

i think in the file app/models/auth_source_ldap.rb the following line is bad:
options = { :host => self.host,
:port => self.port,
:encryption => (self.tls ? :simple_tls : nil)
}
this is always return for encryption=simple_tls while self.tls is 0 or 1 not nil
the connection always use tls.
i modify the this for:
:encryption => (self.tls==1 ? :simple_tls : nil)

History

#1 - 2009-04-04 10:52 - Jean-Philippe Lang

- Status changed from New to Closed

- Resolution set to Invalid

> self.tls is 0 or 1 not nil

It is 0 or 1 in the database, but:

```
>> a = AuthSourceLdap.new
>> a.tls
=> false
>> a.tls = '1'
=> "1"
>> a.tls
=> true
```
