Committed the patch. Thank you for updating the translation.

I found there is still one untranslated string `error_not_allowed_to_log_time_for_other_users` in `gl.yml`. You can make `gl.yml` perfect if you could translate the string.

Sorry, I made a typo on that string:

- `error_not_allowed_to_log_time_for_nother_users`: Vostede non ten permitido imputar tempo para outros usuarios
- + `error_not_allowed_to_log_time_for_other_users`: Vostede non ten permitido imputar tempo para outros usuarios

Thanks for checking. I attach the corrected file.

**#4 - 2019-03-31 13:42 - Go MAEDA**
