Description

Hi,
I need to display the URL link of the ISSUE.

This is what i Did:

- I define a custom Field assigne to ISSUE
- I define the type of field as "LINK"
- I wrote this request in the URL field : www.ticketing.asdaex.com/issues/%value%

It doesn't work.

I try several other stuff but it doesn't work.

Can you help me on this ?

I put somme pcitures to show how I did this.

Thank you
