Description

This patch is pretty simple, it continues the work that has been done to add Issue Queries in My Page blocks.
It does the same for Time Entry queries, with very few modifications.

Time Entry block has been renamed **Time Entry Activity**

Please review it.
Thanks a lot.

Hi,

We can add icons in the block name. Here is a patch to do that.
Needs to add css for new calendar icon somewhere :

```
.icon-calendar { background-image: url(../../images/calendar.png); }
```

It looks like this :
