

Redmine - Defect #3137

Activity page and Atom feed

2009-04-07 17:20 - Derek Montgomery

Status:	Closed	Start date:	2009-04-07
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:	0.9.0	Affected version:	
Resolution:	Fixed		
Description			
I noticed that generated URLs in activity page and atom feed are like this: http://qw-dev.net/projects/3/repository/revisions/905			
Could it be possible to have the name of the project instead of the project number in the URL? http://qw-dev.net/projects/ctx/repository/revisions/905			
Thanks.			

Associated revisions

Revision 2663 - 2009-04-07 19:30 - Jean-Philippe Lang

Fixed: links to changesets in activity and atom feeds uses project id instead project identifier (#3137).
