<b>Resolution:</b>	
<b>Description</b> I propose a feature to show gravatar icon in issues list. I created a patch to display the author, assignee, and last update user icon of Issue, and attach it.  show-gravatar-icon-in-issues-list.png

+1  
I think that the display is easy to understand.  
Thank you!

##### #2 - 2019-07-18 09:40 - Vasili Korol

Personally, i would prefer seeing only the necessary info in the list of issues. This becomes especially important when many columns are observed at once. I don't think the userpics should displayed here by default. At least, it should be controllable in the settings.
