Redmine - Defect #32088

Redmine crashes in attempt to install Redmine Mylyn Connector

2019-09-18 12:54 - Антон Магурский

Status:	Closed		**Start date:**	
Priority:	Normal		**Due date:**	
Assignee:			**% Done:**	0%
Category:			**Estimated time:**	0.00 hour
Target version:				
Resolution:	Invalid		**Affected version:**	4.0.4

Description

Linux server.
Log attached.
Link to Mylyn distributive: https://github.com/joaopedrotaveira/redmine_mylyn_connector

The connector is necessary to integrate Redmine with Klaros Test Management System. Otherwise Redmine doesn't authentificate Klaros for issue connection.

Im using Redmine 4.0.4 with mylyn_connector v3.1.0, under ChentOS7 and ruby-2.4.9, the redmine:plugins:migrate are successfully.
After call of redmine crasches with following output:
Creating scope :system. Overwriting existing method Enumeration.system.
Creating scope :sorted. Overwriting existing method Group.sorted.
Creating scope :sorted. Overwriting existing method User.sorted.
.. no more output.

#3 - 2019-11-05 01:54 - Go MAEDA

Please contact the author of the plugin. Plugins are developed by third-parties and not a part of Redmine.
