Description When adding related issues it would be very helpful to have a drop down list of existing issues, possibly filtered by status, age, author, etc.	
Related issues: Is duplicate of Redmine - Feature #3170: Autocomplete issue relations on subject Closed 2009-04-14

- Category set to UI
- Status changed from New to Closed
- Resolution set to Duplicate

A drop down is not appropriate when there are hundreds of issues.
So I close this ticket as a dup of [#3170](#).
