Resolution:	
Description Would it be possible to add on a details/descriptions text to versions for a more detailed summary? Maybe automatically create pages in the wiki for each version and have it automatically display on the roadmap page?	

History

#1 - 2007-06-14 14:28 - Jean-Philippe Lang

Done in rev 564.

A wiki page can now be attached to each version.
For that, edit the version and set the wiki page name (project wiki must be enabled).
The wiki page content is displayed for each version on the roadmap view.

Changelog view is not changed (and maybe removed in the future).
