Description

Add HTML link to report, like "Also available in: HTML, CSV", so you can copy a "HMTL report link" to send it to the project manager.

e.g.

CSV:

http://redmine.myserver.com/projects/myproject/time_entries/report.csv?columns=month& criterias%5B%5D=member& criterias%5B%5D=issue& criterias%5B%5D=&from=2009-06-30&period=all&period_type=2&to=2009-07-29

HTML:

http://redmine.myserver.com/projects/myproject/time_entries/report?columns=month& criterias%5B%5D=member& criterias%5B%5D=issue& criterias%5B%5D=&from=2009-06-30&period=all&period_type=2&to=2009-07-29

An additional HTML-Link? Just copy the url address from your browser. It think we do not need this feature.
