Redmine - Feature #3814

Option to filter completed versions from the Target Version filter

2009-09-03 15:17 - Alex Bevilacqua

Target version:				
Resolution:	Duplicate			

Description
When viewing the issues of a project, if you add a filter for Target Version, ALL versions are visible. It would be nice if there was a project-level toggle for "Show Completed Versions in Filter Options" ... or something similar.
If you set a lot of milestones for a project that runs for a long time, scrolling through the completed versions can be tedious.

Sorry about that ... thought I searched for an existing issue but apparently I didn't
