

Redmine - Patch #39066

Remove set_language_if_valid from MyController

2023-09-15 12:47 - Pavel Rosický

Status:	Closed	Start date:	
Priority:	Normal	Due date:	
Assignee:	Go MAEDA	% Done:	0%
Category:	Code cleanup/refactoring	Estimated time:	0.00 hour
Target version:	5.1.0		

Description

```
diff --git a/app/controllers/my_controller.rb b/app/controllers/my_controller.rb
index 9eaaa90e7..1d0ca617d 100644
--- a/app/controllers/my_controller.rb
+++ b/app/controllers/my_controller.rb
@@ -55,7 +55,6 @@ class MyController < ApplicationController
   @user.pref.safe_attributes = params[:pref]
   if @user.save
     @user.pref.save
-    set_language_if_valid @user.language
     respond_to do |format|
       format.html do
         flash[:notice] = l(:notice_account_updated)
```

the language is reset after the next redirect, so this is basically a dead code that could be removed
