History

#1 - 2009-10-10 12:33 - Jean-Philippe Lang

I can't reproduce with 0.8-stable @ [r2906](#).

#2 - 2009-10-12 21:30 - S Banerian

if i do a clean

svn co -r 2904 <http://redmine.rubyforge.org/svn/branches/0.8-stable> redmine-0.8

and copy in the email.yml and database.yml then I cannot duplicate this issue.

the issue-to-pdf does work, but does **not** include issue columns other than the default (which was the original impetus for the update)

the same failure to get non-default columns is observed when rev 2924 is used.

#3 - 2009-11-04 12:34 - Jean-Philippe Lang

- *Status changed from New to Closed*

- *Resolution set to Invalid*

the same failure to get non-default columns is observed when rev 2924 is used.

This is fixed in trunk, not in 0.8-stable branch.
