

Redmine - Defect #40409

rake aborted! during Redmine update

2024-03-15 16:52 - f0x Autumn

Status:	Closed	Start date:	
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	Issues	Estimated time:	0.00 hour
Target version:		Affected version:	5.1.2
Resolution:	Invalid		

Description

- During Redmine update: 5.1.1 --> 5.1.2
- Guided by this manual: <https://www.redmine.org/projects/redmine/wiki/RedmineUpgrade>
- On "Step 4":

```
$ bundle exec rake redmine:plugins:migrate RAILS_ENV=production
rake aborted!
NoMethodError: undefined method `[]' for Redmine::Acts::Attachable::ObjectTypeConstraint:Class

      options[:object_type] = /.+/ if options[:object_type] && options[:object_type].is_a?
      (Regexp)
                                ^^^^^^^^^^^^^^^^^^^
```

Environment:

Redmine version	5.1.1.stable
Ruby version	3.1.2-p20 (2022-04-12) [x86_64-linux-gnu]
Rails version	6.1.7.6
Environment	production
Database adapter	PostgreSQL
Mailer queue	ActiveJob::QueueAdapters::AsyncAdapter
Mailer delivery	smtp

Redmine settings:

Redmine theme	Default
---------------	---------

SCM:

Mercurial	6.3.2
Git	2.39.2
Filesystem	

Redmine plugins:

redmine_wiki_extensions	0.9.4
redmineup_tags	2.0.13

History

#1 - 2024-03-15 18:11 - f0x Autumn

Very similar to [Defect #39862: Attachments functionality for \(custom\) plugins broken since fix for CVE-2022-44030](#) (<https://www.redmine.org/issues/39862#note-5>)

Marius BĂLTEANU wrote in [#39862#note-14](#):

Committed and merged to stable branches, thanks!

...It was in Redmine 5.0.8

But I got the same error in the 5.1.2

- Status changed from New to Needs feedback

You didn't show the full stack trace of your error, however, it's likely that this is the same cause as described in [#39862#note-5](#), namely a plugin which patched Redmine in an unsupported way.

Please update your plugins. If the error persists, please add some additional information, at least the full stack trace of your error.

Holger Just wrote in [#note-2](#):

You didn't show the full stack trace of your error, however, it's likely that this is the same cause as described in [#39862#note-5](#), namely a plugin which patched Redmine in an unsupported way.

Please update your plugins. If the error persists, please add some additional information, at least the full stack trace of your error.

You are right! After updating the plugin - Redmine update was completed successfully.

Thank you.

This Issue can be closed.
