Target version:	5.0.9			
Resolution:	Fixed		**Affected version:**	5.0.0

Description

When configuring the "Text formatting" setting to "CommonMark Markdown", the rendered tables within issue descriptions default to a centered alignment regardless of the alignment specified in the markup (left, center, or right).

This issue does not occur when the "Text formatting" setting is set to the deprecated Redcarpet-based Markdown.
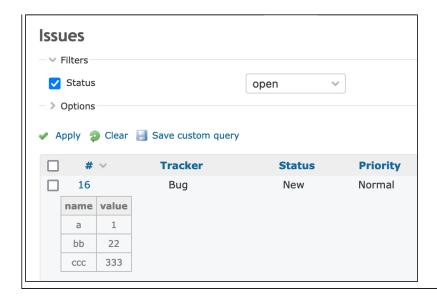

The markup of the issue description:

```
| name | value |
|:-----|------:|
| a    | 1     |
| bb   | 22    |
| ccc  | 333   |
```

Issues list with description (Markdown):

Issues list with description (CommonMark):

Revision 22787 - 2024-04-23 04:58 - Go MAEDA

Fix issue where descriptions in the issues list ignore CommonMark Markdown table alignment (#40515).

Contributed by Takenori TAKAKI (@takenory).

History

#1 - 2024-04-10 07:31 - Takenori TAKAKI

- File 40515.patch added

I made a patch to fix this issue by adding a css that sets text-align according to the align attribute (left or right) set in th/td tags.

#2 - 2024-04-11 00:33 - Go MAEDA

- Tracker changed from Feature to Defect

- Target version set to 5.0.9

- Affected version set to 5.0.0

Setting the target version to 5.0.9.

#3 - 2024-04-23 04:59 - Go MAEDA

- Status changed from New to Resolved

- Assignee set to Go MAEDA

- Resolution set to Fixed

Committed the fix in r22787. Thank you for your contribution.
