Redmine - Defect #4146

Textile formatting does not work

2009-11-02 01:28 - Andrew Kouznetsov

Status:	Closed	**Start date:**	2009-11-02
Priority:	Normal	**Due date:**	
Assignee:		**% Done:**	0%
Category:	Text formatting	**Estimated time:**	0.00 hour
Target version:			
Resolution:	Invalid	**Affected version:**	

Description

I have just installed redmine from trunk and created a project with description "*SaaS foo bar*"
At the project page i see deescription **SaaS foo bar** but textile option is enabled.

History

#1 - 2009-11-02 16:23 - Jean-Philippe Lang

- Status changed from New to Closed

- Resolution set to Invalid

Your bug report is unclear.
If textile is enabled, it will be displayed in bold.

#2 - 2009-11-02 16:38 - Andrew Kouznetsov

- Status changed from Closed to Reopened

Sorry. I wanted to say that I see stars as is, not bold text.

#3 - 2009-11-02 18:36 - Jean-Philippe Lang

Also, did you want to say that the problem is on the projects list, not on the project page?

#4 - 2009-11-02 18:52 - Andrew Kouznetsov

No, the problem is on the project page and on the project list.
It is here: http://redmine.goldcontrol.ru/projects/motivator

#5 - 2009-11-02 19:02 - Jean-Philippe Lang

Sorry, I can't reproduce.
The exact same text is displayed in bold with a fresh checkout and textile enabled.

#6 - 2009-11-02 20:16 - Felix Schäfer

Andrew, pelase make sure the option "Text formatting" in Administration > Settings > General is set to "textile". Setting it to "none" was the only way I was able to reproduce your error.

#7 - 2009-11-02 22:25 - Andrew Kouznetsov

This option is set to "textile".
Revision number is 2993.
You can see admin interface - login SMiX, password admin

#8 - 2009-11-02 23:35 - Felix Schäfer

I've had a look at your installation, and you should complete the installation properly, by giving the webserver or the rails process the correct rights on the correct folders (have a look at http://redmine.goldcontrol.ru/admin/info). I doubt that will correct your textile problem though.

As to the textile problem: only +, -, * and _ are ignored, everything else like hX. tags and @ are rendered correctly. Might it be that the Regexes defined in source:trunk/lib/redcloth3.rb#L364 and following are somehow sensitive to whatever encoding his server is running in?

Andrew, could you possibly tell us what the locales are for the user your rails processes are running as?

#9 - 2009-11-02 23:48 - Andrew Kouznetsov

Now i have completed the installation properly but the problem already exists.
Rails are running by user redmine. Locale is ru_RU.UTF-8.
Also, sorry for my english :) Thanks.

#10 - 2009-11-03 06:17 - Fedor Shubin

Hi,Andrew. But "*SaaS-проект для мотивации сотрудников компании*." (**dot-ending**) is working)).
In my 0.8.4.stable version there is no this problem.

#11 - 2009-11-03 08:15 - Felix Schäfer

As I said, the problem is not a "generic" installation, his description string works fine in my dev redmine, even without the trailing dot.

I've created a wiki page on Andrew's Redmine install to show my point: http://redmine.goldcontrol.ru/projects/motivator/wiki/Foo. I've made a line for each tag that came to mind: some work, some doesn't. I've put the different tags used at the bottom in x x for reference.

- File textile.png added

I have a same problem on recent trunk.

Redmine 0.8.7.devel.3076 (PostgreSQL)

```
# ruby -v
ruby 1.8.7 (2009-04-08 patchlevel 160) [amd64-freebsd8]
# gem list -local
actionmailer (2.3.4)
actionpack (2.3.4)
activerecord (2.3.4)
activeresource (2.3.4)
activesupport (2.3.4)
fastthread (1.0.7)
mocha (0.9.7)
nofxx-object_daddy (0.4.1)
passenger (2.2.5)
postgres (0.7.9.2008.01.28)
rack (1.0.0)
rails (2.3.4)
rake (0.8.7)
sources (0.0.2)
sqlite3-ruby (1.2.4)
thoughtbot-shoulda (2.10.2)
```

An attached image is a result of doing preview.

Same problem for me, with JRuby, see my Issue #3764

I don't have this problem here. The following:

```
Test
```

```
*Test*
```

```
*Test* Test

Test *Test*

Test *Test* Test
```

Gives:

Test

Test

Test Test

Test **Test**

Test **Test** Test

#15 - 2010-12-30 05:42 - Mischa The Evil

- Status changed from Reopened to Closed

Not able to reproduce on recent trunk. The expected result is rendered. Please re-open if this issue still persists on trunk.
