This issue should probably be targetted to the minor release following 0.9 (1.0? :)

#2 - 2010-03-21 09:39 - Kornelius Kalnbach

Just an update from the maintainer: I'm working on 1.0, but it will take time. I hope to release a preview this year :)

If there are any Redmine-specific enhancements/ideas, I'd be happy to mix them into the milestone.

However, new scanners and encoders are planned for 1.1.
