Redmine - Feature #4679

Automatically set a status for 'Referencing keywords' (like 'Fixing keywords')

Description

To put a *fixes* or *closes* into a submit message and automatically set a status if fine. But this could also exist for *refs*, *references* or *IssueID*. Then a status like *in progress* could be set, what would be something between the usual *new* and *closed* status.

I guess this is not an big issue to implement it.
