Redmine - Feature #4768

"issue category" should have a "description" field

2010-02-08 22:07 - Alex Last

Status:	New	**Start date:**	2010-02-08

Category:	Issues	**Estimated time:**	0.00 hour
Target version:			
Resolution:			

Description

currently it only has name and default assignee.
some categories names can be not obvious to users, need some description, which will be later shown when an issue is created
