

Redmine - Feature #508

Separate projects files in subdirs

2007-12-03 03:47 - Derek Montgomery

Target version:			
Resolution:	Duplicate		

Description

Instead of having all the files in one directory, could you separate the files into subdirectories named after project number so easy FTP access could be set up?

(Would be a step towards file management when files can't be uploaded because of their size).
