

Redmine - Defect #5122

Double-dash (used as em-dash) results in strikethrough text

2010-03-18 23:12 - Joel Nordell

Description

I'm using Redmine trunk, and recently updated to [r3603](#).

Now I am seeing some incorrect behavior in the text formatting. I don't remember if it was doing this before too, but I think it only started happening after the update.

A sentence containing with double dashes used as em-dashes is appearing with strikethrough on the portion in-between.

Example:

This is an example sentence -- this part should not be crossed out -- how will it look?

On my system looks like this:
This is an example sentence ~~this part should not be crossed out~~ how will it look?

It does not seem to be happening here. Interesting!
Here it's rendering like this: This is an example sentence -- this part should not be crossed out -- how will it look?

Associated revisions

Revision 3605 - 2010-03-20 13:54 - Jean-Philippe Lang

Fixed: Double-dash results in strikethrough text (#5122).

History

#1 - 2010-03-20 13:55 - Jean-Philippe Lang

- Category set to Text formatting
- Status changed from New to Closed
- Affected version (unused) set to devel
- Resolution set to Fixed

It was introduced in [r3561](#). Fixed with test in [r3605](#).
