Description

Hello,
I used the redmine 0.8.2 but the redmine has updated to version 0.9.2. My problem is that i can't see the page
".../account/show/id-user" when i click on member in the projects. Now I see the link .../users/id-user and error 500.

I hope that yours can help me.
I'm a new member and don't know if is correct put my doubts here.

Tks !!
Sorry for my mistakes.

History

IIRC this is a new privacy feature that will only show users that are in a project you are in too, and members that are in a public project.

#2 - 2010-06-19 03:00 - Eric Davis

- Status changed from New to Closed

- Assignee deleted (Eric Davis)

- Resolution set to Wont fix

This is the intended behavior and was added in r2986 for #3720 and #4129.
