Redmine - Feature #565

Mark expired tasks

2008-01-18 06:42 - Alex Aktion

Status:	Closed		**Start date:**	
Priority:	Normal		**Due date:**	
Assignee:			**% Done:**	100%
Category:			**Estimated time:**	0.00 hour
Target version:				
Resolution:				

Description

If task exceed Due date, is it possible to mark it with some color.

And send reminders to assignee and manager.

I second that. It's the most important missing feature which is making me hesitate between Redmine and Eventum..

#2 - 2012-10-27 22:46 - Daniel Felix

This is a smaller implementation of #12222.

The first thing "Mark exceed Due Date" could be implemented by adding a css rule like tr.overdue{ background-color:#FF0000; }
All needed information could be found in the sourcecode of your ticket list.

#3 - 2012-10-30 19:58 - Daniel Felix

- Status changed from New to Closed

- % Done changed from 0 to 100

Those marking is implemented with the css class "overdue".
Just handle it with your design. This could be implemented by some little css-rule.
Maybe this is implemented in core design. :-)
