

Redmine - Feature #5727

merge subtasks and related issues on UI level

2010-06-22 21:14 - Igor Balk

Status:	New	Start date:	2010-06-22
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	UI	Estimated time:	0.00 hour
Target version:			
Resolution:			
Description			
subtask and relationship are being handled seperatly when they are really the same thing http://www.redmine.org/wiki/redmine/UXTeamMeeting1			

History

#1 - 2010-06-22 21:26 - Igor Balk

Also should be able to assign any relationship from new issue form (including subtask) but cannot currently

#2 - 2010-06-22 22:37 - Mischa The Evil

Added relation to slightly related issue [#987](#).

#3 - 2010-06-23 01:29 - Robert Chady

Similarly, when you create a subtask, you lose control over parent attributes. This should be optional and provide the ability to specify what attributes you want controlled by the child tasks.

#4 - 2010-07-01 10:55 - Anders Aagaard
