Category:			**Estimated time:**	0.00 hour
Target version:				
Resolution:	Invalid		**Affected version:**	0.9.0

Description

When we have redmine_sprints plugin installed its conflicted with redmine_screenshot_paste plugin as follows

on Dashboard "Add Task" Link never work if we don't duplicate the folder vendor/plugins/redmine_screenshot_paste/app/views/issues to vendor/plugins/redmine_screenshot_paste/app/views/issue_spirnts.........

here is the traceback....

ActionView::TemplateError (Missing template issue_sprints/_screenshot.erb in view path vendor/plugins/redmine_screenshot_paste/app/views:vendor/plugins/redmine_sprints/app/views:app/views) on line #58 of vendor/plugins/redmine_sprints/app/views/issue_sprints/_form.rhtml:
55: <label class="floating"><%= check_box_tag 'issue[watcher_user_ids][]', user.id, @issue.watcher_user_ids.include?(user.id) > < =h user ></label>^M
56: < end ->^M
57: </p>^M
58: < end >^M
59: ^M
60: <= call_hook(:view_issues_form_details_bottom, { :issue => @issue, :form => f }) %>^M
61: ^M

```
lib/redmine/hook.rb:113:in `send'
    lib/redmine/hook.rb:113:in `view_issues_form_details_bottom'
    lib/redmine/hook.rb:63:in `send'
    lib/redmine/hook.rb:63:in `call_hook'
    lib/redmine/hook.rb:63:in `each'
    lib/redmine/hook.rb:63:in `call_hook'
    lib/redmine/hook.rb:60:in `call_hook'
    lib/redmine/hook.rb:144:in `call_hook'
    vendor/plugins/redmine_sprints/app/views/issue_sprints/_form.rhtml:58:in `_run_rhtml_vendor47p
lugins47redmine_sprints47app47views47issue_sprints47_form46rhtml_locals_f_form_object'
    vendor/plugins/redmine_sprints/app/views/issue_sprints/_new.rhtml:8:in `_run_rhtml_vendor47plu
gins47redmine_sprints47app47views47issue_sprints47_new46rhtml_locals_new_object'

orm_for'
    vendor/plugins/redmine_sprints/app/views/issue_sprints/_new.rhtml:3:in `_run_rhtml_vendor47plu
gins47redmine_sprints47app47views47issue_sprints47_new46rhtml_locals_new_object'
    vendor/plugins/redmine_sprints/app/controllers/issue_sprints_controller.rb:39:in `new'
    /usr/lib/ruby/1.8/webrick/httpserver.rb:104:in `service'
    /usr/lib/ruby/1.8/webrick/httpserver.rb:65:in `run'
    /usr/lib/ruby/1.8/webrick/server.rb:173:in `start_thread'
```

if I create another copy the vendor/plugins/redmine_screenshot_paste/app/views/issues with vendor/plugins/redmine_screenshot_paste/app/views/issue_sprints

then it works perfect....

History

#1 - 2010-07-05 10:47 - Felix Schäfer

- Status changed from New to Closed

- Resolution set to Invalid

This seems to be a problem with the redmine_sprints plugin because it overrides the path where issue views are searched for. Please contact the author of that plugin for further assistance. If the problem can be tracked down to the redmine_screenshot_paste plugin, please open a new bug that describes the problem *with that plugin* in the category "Pugins".

#2 - 2010-07-05 11:19 - japan shah

ok, I'll create the new issue with category "Plugins".
thanks.

#3 - 2010-07-05 14:38 - Felix Schäfer

You seem to have missed the important bit:

Have you contacted the author of the redmine_sprints plugin?

Can you *confirm* that this is a problem with the redmine_screenshot_paste plugin? I.e. have you tested on a bare install with *only* redmine_screenshot_paste installed that the problem persists?
