My laptop is receiving a strong signal but will not connect to network	

History

#1 - 2010-08-07 20:30 - Holger Just

- Status changed from New to Closed

- Resolution set to Invalid

Either you reached the wrong tracker or this is a test and you should go to the [demo.redmine](#) for trying things out.

Either way, this issue is invalid here on redmine's own issue tracker.
